On the other hand, street cars continued to haul large crowds during the rush hours.

The littney problem probably will not be taken up at the city commission meeting today. Last Friday the jitneurs asked the commission to amend the new ordinance so that the capacity limit would be made four instead of two in excess of the registered capacity. Further action will likely be postponed until after the injunction proceedings. Three of the commissioners are known to oppose

Special to The World.

OKLAHOMA CITY, Oct. 23.—It was decided today that the public schools will not be closed, at least for the lime being, on account of infantile paralysis here, though the most strict quarantine rules will be enforced.

Children under 16 years will not be permitted to go to school. It was admitted today that some difficulty is being experienced in enforcing the quarantine rules already promulgated, but health officers say these rules must be obayed. Little change was noted today in the condition in the Vose and Eckel children, the two cases that have developed.

Blood from his veins of Miss Elizabeth Gardner, who was once a victim of the disease, was taken today to be injected into the veins of the twe stricken children in the effort to save their lives. Physicians attending the two children say the blood from another who has had the disease and recovered is valuable in the treatment of patients suffering with it.

Dr. H. H. Cloudman, medical inspector for the board of education, today ordered all pencils, pens, chalk, trulers, etc., that had been in the Meritan suffering with it is again opened.

Roosevelt Declares That Wilson Has Placed America in Contempt.

E AST LAS VEGAS, N. M., Oct. 23.— Theodore Roosevelt in a speech this here tonight criticised President Wilson's Mexican policy and urged his hearers to vote for Charles Evans Hughes and "real Americanism." The United States, he said in order

to finally restore order in Mexico. "must restore our neighbor republic to its proper governors just as was done in Cuba."

Colonel Roosevelt declared that the Wilson foreign policy had placed the United States in contempt before the world. General Pershing, he said, should have been sent after Villa "with orders to get him in spite of Carranza or any other leader who might endeavor to interfere." He added that if he was called upon to raise a division to go into Mexico he would call upon citizens of New Mexico of Mexican origin because he had found them loyal Americans and good fighters when they served with his rough riders.
